

# Ben Shua

## Front-End Developer

I'm an experienced full-stack developer with experience and knowledge throughout the entire stack, from identifying & designing to programming & deployment. I've participated in developing and leading big-scale turn-key projects and am currently searching for my next one.

Googling

## WORK EXPERIENCE

### Web Developer & Team Lead IDF - ICT Corps (Tikshuv)

2020 - Present (3 years)

The ICT division of the **Israel Defense Force** is in charge of strengthening and operating technology, cyber defense, and development.

Achievements/Tasks

- We developed complete high-sensitive & complex projects from 0 to 100
- Programmed award-winning products and presented them to high-ranking officers.
- I improved and organized project workflow, enhanced the quality of our products and the UX in our products.
- Example project: we built a multi-dimensional CRM system with critical live data for the IDF, 100+ units of customers with a scale of 1M+ users. Tech: Ocp4 Deployment, Apollo-Express monolith server, MongoDB database, two clients using React.js, lots of cache optimization, sockets work, and more

## VOLUNTEER EXPERIENCE

### HackAutism 2022 Helped "Ladaat" group

12/2021 - 01/2022

Autism hackathon - Technological entrepreneurship competition to develop solutions that meet the Challenges of people on the spectrum.

Tasks/Achievements

- "Ladaat" is an early detection ASD platform that provides accessible, safe, and accurate diagnoses for infants worldwide by using AI technology!
- I've helped in developing the early working MVP!
